YANKS CAPTURE GREAT ITALIAN PORT

Byrnes Declines To Be Candidate for Vice Presidential Nomination

TRUMAN NOW REGARDED AS TOP CONTENDER

He and Justice Douglas Reported To Be Roosevelt's Second, Third Choices.

By The Associated Press

CHICAGO STADIUM, July 19—The first session of the 29th Democratic national convention adjourned at 1:13 p. m. central war time, today after organizing and arranging to convene at 8:30 tonight to hear the keynote address by Gov. Robert S. Kerr of Oklahoma.

By The Associated Press

CHICAGO STADIUM, July 19—President Roosevelt unexpectedly entered the Democratic vice-presidential scramble today, inspiring the withdrawal of War Mobilization Director James F. Byrnes and reportedly listing second and third choices to Henry A. Wallace.

The number two name was given as Senator Harry Truman of Missouri, with Supreme Court Justice William O. Douglas number three.

As delegates sang with the mighty Chicago stadium organ, or fanned and chatted and yelled beneath their standards through the routine preliminaries of the party's 29th national convention, developments in jam-packed hotels downtown pointed toward a windup possibly Thursday night.

Byrnes, previously regarded one of the leaders for the office for which Wallace arrived this morning to fight in his own behalf, announced his withdrawal "in deference to the wishes of President Roosevelt," nearly two hours before the convention was gaveled to order at 12:05 p. m. CWT.

Word to Chairman

Authoritative reports said Mr. Roosevelt communicated to National Chairman Robert E. Hannegan his preference for Senator Truman—famed as chairman of the war investigating "Truman committee"—and the tall Oregonian who became at 40 the youngest man ever to sit on the supreme court.

Meanwhile, the national committee announced President Roosevelt will address the convention by radio Thursday night—after his certain renomination for a fourth term. He is not in Washington, but under voluntary wartime censorship it was not permitted to make public the place from which he is to speak unless Mr. Roosevelt himself chooses so to do.

The President's activity served to put the convention in a different light than the free and open conclave for which Mr. Roosevelt had declared when he said he favored Wallace but the decision would be up to the delegates.

Indeed, many delegates—pushing and shoving through the aisles of this great hall, or knotted in hotel lobbies downtown—awaited only the President's definite nod to make up their minds in the vice presidential race.

Byrnes wrote Senator Burnet R. Maybank of South Carolina that "in deference to the wishes of the President," he was not a candidate. Previously he had been one of the leading contenders for a nomination which Wallace is campaigning for personally.

Truman Drive Expands

The President's reported listing of Truman, who has the support of the 32-vote Missouri delegation, gave swift impetus to a drive by his friends to make him the leading contender against Wallace. Byrnes was said to have promised Truman his support.

Truman, who conferred during the morning with Byrnes, told a reporter he had not changed his stand that he was not a candidate and did not want the nomination.

Another rival for Wallace's job, Senate Majority Leader Alben W. Barkley of Kentucky, remained silent but was huddling with labor and city organizations and New England spokesmen.

The designation of Truman and Douglas as the President's second and third choices was regarded by many delegates as putting Wallace under a disadvantage, since it likely would concentrate the opposition to him.

There were indications, however, that the vice president would remain in the race to the end with strong labor backing. He was reported to have picked up some delegate strength over night. One observer said he will have a minimum of 350 to 1,176 votes. A total of 589 is needed to nominate. Originally, Mr. Roosevelt de-

GOV. ROBERT S. KERR

Oklahoma's Gov. Kerr opened the Democratic national convention as temporary chairman and will give the keynote speech tonight. He has been mentioned as a possible vice presidential candidate.

SEN. SAMUEL D. JACKSON

This United States senator from Indiana is to be permanent chairman of the Democratic national convention which opened today in Chicago.

Captured German Commander Says Nazi Generals Disagree

Disputes Over Strategy in East Costing Many Lives, Russians Quote Prisoner as Saying.

By The Associated Press

MOSCOW, JULY 19—The Russian press published today a statement by Gen. Edmund Hofmeister, captured commander of the 41st German Tank Corps, declaring a disagreement among Hitler's generals over strategy on the eastern front was costing a great toll of lives and prisoners.

The captured general's statement, as published in Soviet newspapers, criticized Hitler's insistence on holding ground and refusing to retreat unless bludgeoned from positions.

"Field Marshal (Ernst) Busch (commander of the central front between the Pripyat marshes and Baltic states, the area of the most spectacular Russian advances of 300 miles or more) told me Hitler forbade any retreat," Gen Hofmeister's published statement said, "Hitler ordered every inch of occupied country defended. Although I considered the order wrong, I had to obey.

"I want to say the defeat in White Russia is an example of the talentless command of Hitler. When Marshals Brauchitsch, List and von Rundstedt and others tried to point out errors, they were discharged."

The captive general said Germany had no reserves to hold such a large territory as Hitler now is ordering the army to defend.

The captive said there was considerable antagonism between older and younger commanders, but that the veterans were keeping silent and carrying out orders because Field Marshal Gen. Wilhelm Keitel, chief of the high command, had announced that any criticism would be punished by death.

Hofmeister asserted that Hitler, to affirm his strategy, recently called a conference of generals and admirals and that he attended.

"His (Hitler's) face was swollen, his voice was low and he got mixed up in his speech," the statement said.

The prisoner said Hitler rambled and stumbled over his words throughout his speech to his commanders and asserted, toward the close, that Germany would win the war, of course.

"But nobody explained just how," Hofmeister's statement said.

'No Difficulty' in France Seen by Montgomery

By The Associated Press

GEN MONTGOMERY'S HEADQUARTERS IN FRANCE, July 19—Gen. Sir Bernard L. Montgomery estimated today that 156,000 Germans have been "written off"—killed, wounded or captured—in the six-weeks-old campaign in Normandy and declared British and American troops would "have no difficulty in defeating the Germans in France."

"Our object is to write off German personnel and equipment," the allied ground commander told a press conference. "Bleed the German military machine to death and the time will come when the enemy can't go on."

OHIO DEMOCRATIC DELEGATE KILLED

By The Associated Press

CHICAGO, July 19— John F. Nolan, 53, Ohio delegate at large to the Democratic convention, died early today in the Walther Memorial hospital of burns and shock, suffered when he stepped into a bath tub of scalding hot water in his room at the LaSalle hotel. Nolan is a Steubenville, O., attorney.

Ray T. Miller, another Ohio delegate, said Nolan suffered from arthritis and filled the tub intending to bathe his feet in cold water. Miller said he apparently mistook the hot water faucet for the cold, and that when he stepped into the tub, he slipped. Nolan was burned on his legs and hips.

Nolan was attending the convention with his wife, Ann, and his daughter-in-law, Kathleen, wife of Sgt. John Nolan Jr., stationed with the Marines at Parris Island, S. C. Mrs. Ann Nolan was in the hotel suite when the accident occurred.

6 RED ARMIES POUR THROUGH NAZI LINE GAPS

Break Extends Along 125-Mile Front; Berlin Radio Admits Danger.

By The Associated Press

MOSCOW, July 19 — Six Russian armies poured through huge holes today in Hitler's eastern front—from Marshal Ivan S. Konev's new 125-mile-wide breakthrough on the south to Gen. Andrei I. Yeremenko's drive into the Soviet Latvian republic on the north, now 20 miles inside the border.

Significant objectives were just ahead from one end to the other of the battlefront, which was extended to 550 miles in length of the new offensive set off by Konev's first Ukraine army Sunday between Lwow and Kowel.

Konev's tanks and infantry, which made three-day gains of 31 miles, already were less than 10 miles from the Polish border (as delineated by the Germans and Russians in 1939) at two places northeast of Lwow and were across the Bug river at Selets Belski, south of Sokal.

Near Border

(By London estimates Konev was within five miles of the frontier—from which Germany attacked Russia—through capture of Skomorokhi, on the Bug river five miles below the point where the line swings southwestward beyond Lwow. Skomoroksi is 45 miles south of Lwow).

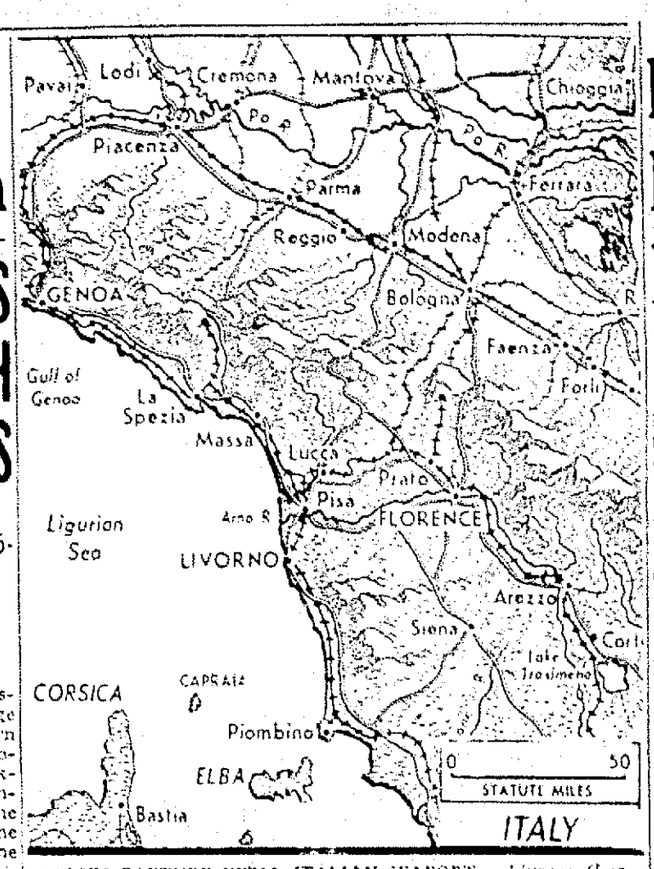
Konev's forces were closing in upon Lwow itself, one column from only 22 miles away—at captured Kaminonka, on the northeast. The daily communique also announced the fall of Busk, 25 miles to the northeast, and Bortkov, 27 miles on the east.

Nazis Admit Danger

(Berlin radio commentators frankly admitted the German situation was serious. A Transocean agency correspondent said Konev's new offensive was "aimed at no less than pocketing the whole of the German army in the south.")

Marshal Konstantin K. Rokossovsky's troops, now roughly 110 miles due east of Warsaw, are driving toward the western gateway city of Brest Litovsk from a point only 12 miles to the northeast.

(Available maps in London, however, indicated advance elements of Rokossovsky's army were within nine miles of the city, and a Moscow dispatch to London this morning declared they were crashing into its outer defenses.)



ALLIES CAPTURE VITAL ITALIAN SEAPORT. Livorno (Leghorn) third largest seaport in Italy, was captured today by Lt. Gen Mark Clark's Fifth army after the Germans were forced from the city by a wide pincers movement. Location of Livorno is shown at the left center of the map above.

LEGHORN TAKEN AS BIG ALLIED BLOWS FALL ON 5 FRONTS

By The Associated Press

A key bastion on the German's southern front—the great sea port of Livorno (Leghorn) in northern Italy—fell to the Americans today as allied offensives gained momentum on the two other major land fronts in Europe.

Fifth Army troops entered Livorno (Pop. 130,000), Italy's third largest port, after forcing the Germans out in a wide pincers movement. The port of Ancon, on the opposite side of the peninsula, was captured yesterday.

On the western front big tank battles raged south and southeast of Caen as Marshal Rommel threw in armor in an effort to seal off the breaches torn in German defenses by the British and Canadians. A front dispatch said allied armor had smashed ahead at least five miles, reaching Cagny on the road to Paris 120 miles to the east.

Nazis Punished on 5 Fronts

On five fronts—the east, west and south land offensives, the aerial war against the reich itself, and the underground in France—the Germans absorbed punishing blows.

More than 1,200 heavy bombers attacked railroad yards and airfields in southern Germany today. The Munich area again was hit.

On the basis of official allied counts, at least 266 enemy planes were destroyed yesterday on European fronts against a loss of around 100 craft.

The allies mounted a major offensive on the western front—1940 blitz warfare in reverse—exactly four years after Hitler predicted to the reichstag that Britain would be destroyed.

Gen. Sir Bernard L. Montgomery, whose forces cracked the Caen defenses yesterday, estimated that 156,000 Germans had been "written off"—killed, wounded, or captured—so far in the Normandy campaign. He declared that the allies would "have no difficulty in defeating the Germans in France."

Mop Up St. Lo Area

Lt. Gen. Omar N. Bradley's doughboys, who captured St. Lo yesterday, mopped up the last remnants of the enemy in that sector and cut the highway to Periers, another German citadel to the west.

On the eastern front, the German position was serious, Berlin radio commentators admitted. Marshal Konev's 125-mile-wide break-through that rolled up three-day gains of 31 miles between Tarnopol and Kowel was "aimed at no less than pocketing the whole of the German army in the south," one Berlin broadcast said. Konev's forces already were less than 10 miles from the Polish border as drawn under the 1939 partition. To the north, Gen. Yeremenko's forces had driven 20 miles inside Latvia.

The allies struck deeper into the outposts of the Germans' Gothic line in northern Italy. Polish troops of the Eighth army captured the port of Ancona on the Adriatic, taking more than 2,000 prisoners and much booty.

RAF Pounds Europe

In a followup to yesterday's record daylight offensive that supported the Caen offensive, the RAF last night pounded two railroad centers in eastern France, two synthetic oil plants in the Ruhr and robot plane ramps on the French coast. Mosquitoes dropped blockbusters on Berlin again.

On the underground front in France, a border dispatch from Spain said French partisans have directed their energies to destroying the Germans' fuel supplies, adding to the destruction caused by allied bombers.

A captured German general was quoted by Moscow newspapers as blaming the German debacle in White Russia on "the talentless command of Hitler." The fuehrer was said to have fired his marshals when they told him he was wrong in ordering ground held at a heavy toll in lives and prisoners.

Taking Livorno Gives Allies Italy's Third Largest Port

By The Associated Press

ROME, July 19—Lt. Gen. Mark W. Clark's Fifth army captured Livorno today, executing a wide pincers movement which forced the Germans from this third largest seaport in Italy a few hours after the troops had seized Ancona, important port on the Adriatic.

Livorno (Leghorn) lies only a few miles from Pisa, western anchor of the next German defense line.

No effort to defend the city street by street was made by the German troops, who previously had resorted to every military device in their efforts to dodge and delay the American advance.

The capture came after the infantrymen seized the hills overlooking the great port late yesterday. Sporadic but nonetheless vicious artillery, mortar and small arms resistance was put up by the Germans before the city.

Grave of Many Ships

The harbor of Livorno, the busiest between Rome and Genoa, is the grave of many sunken ships, mostly victims of the allied air forces. To the north, astride the Arno river, Pisa is clearly visible.

The Allies scored another stinging victory on the east coast in the capture of Ancona by Eighth army Poles. The city occupies an amphi-theater between limestone promontories bordering the bay of Ancona and has one of Italy's best harbors. It is the nearest port to the Yugoslav coast across the Adriatic.

More than 2,000 prisoners and large quantities of war material were taken by the Polish troops, who today were pursuing the retreating enemy relentlessly northward.

The fall of Ancona came after a 75-mile advance against stubborn resistance offered by two German divisions which finally were forced to retire when the Poles smashed through their lines west of the city.

Futher inland from Livorno, as the result of a swift advance, American troops drove a wedge between German forces south of the Arno by capturing the town of Pontedera and cutting the direct east-west road between Pisa and Florence.

Allied Troops Exploiting Two Big Holes in Normandy Lines

By The Associated Press

SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE, JULY 19—British and Canadian troops breaching Field Marshal Erwin Rommel's Orne river defenses crashed through the Caen suburb of Faubourg de Vaucelles into open tank country to the southeast today and a field dispatch said they had penetrated at least five miles, reaching Cagny on the main road to Vimont.

Mop Up at St. Lo

On the western portion of the Normandy front American units mopped up and occupied strategic St. Lo, cutting off a force of Germans in a salient two and one-half miles deep north of the town. The Yanks also cut the St. Lo-Periers road between the Taute and Vire rivers south of the village of Amigny, which is in American hands.

A front dispatch said the Germans had pulled back one to two miles along most sectors of the 48-mile American front. After withdrawing to ridges south of St. Lo, the Nazis periodically shelled the town's rubbled streets.

Field reports told of long lines of tanks, armored cars and trucks, bumper to bumper for miles, moving up behind British-Canadians spearheads in the Caen area. Many German positions were overrun or by-passed, a growing

U. S. SHIPS HIT GUAM AGAIN

Battlewagons Move in To Fire at Close Range and Prepare for Landings.

By J. B. KRUEGER

Associated Press War Editor

U. S. battleships moved in close Sunday to speed the reduction of Guam as a strong Japanese base in the western Pacific approaches to Tokyo.

On the 13th consecutive day of air and warship attack on this biggest island in the Marianas group, which also includes conquered Saipan, the big rifles of America's new battlewagons fired from close range on defenses which might hinder landing attempts.

Adm. Chester Nimitz reported yesterday the Sunday bombardment failed to arouse answering fire from the enemy. Destroyers let go at ack-ack guns firing on planes spotting targets for the battleships.

4 Jap Vessels Hit

Gen. Douglas MacArthur's men steadily whittled away Japanese sea strength by sinking or damaging four more cargo vessels in the southwest Pacific. The Japs have been slipping troop-laden vessels, ammunition and fuel into the Halmahera area lately, suggesting enemy concern MacArthur may soon move against this island guarding the Philippines. Halmahera lies northwest of New Guinea, most of which the allies control.

MacArthur announced today that 787 Japanese were killed in recent vain attempts to break free of the allied pocket near Aitape, New Guinea.

Chinese forces battled with grim desperation to hold Hengyang, Chungking said, penetrating enemy positions near the important rail city and inflicting heavy losses on another force 34 miles south of Hengyang. The latter Japanese force, which by-passed Hengyang in a grab at control of the Hankow - Canton railway, shows "signs of collapse," Chungking reported.

Turned Back by Chinese

Japanese trying to rescue an isolated garrison at Pingka, Sajween river village near Lungling on the Burma road were defeated and forced to retreat, the Chinese high command said. The Chinese need Lungling to make possible the reopening of the Burma road.

In monsoon-drenched northern Burma Gen. Stilwell's allied forces moved forward another 200 yards into Myitkyina, part of which they have taken from stubborn Japanese defenders.

Along with Tokyo's admission of Saipan's fall, Admiral Nimitz disclosed that the American victory there had yielded 1,620 soldier prisoners, largest single block of Japanese captives ever taken. Interned Saipan civilians total 13,800. Nineteen thousand enemy troops died in the Saipan fight.

REPORT NAZI PEACE MOVE

By The Associated Press

NEW YORK, July 19—The British radio, in a broadcast reported by U. S. government monitors, quoted Stockholm reports today as saying "that the Germans have tried to contact the Russian government for the conclusion of a separate peace." The broadcast said the attempt "failed completely."

Air Fleet Hits South Germany

2,000 U. S. Heavy Bombers Blast Rail Yards and Air Fields.

By The Associated Press

LONDON, July 19—Nearly 2,000 American heavy bombers and fighters attacked a large array of railroad yards and airfields today in southern Germany.

More than 1,200 Flying Fortresses and Liberators packed the bombs.

A number of the targets were in the Munich area, where the Nazis previously reported a double attack from Britain and Italy. Munich, hub of five trunk railways, is believed to be one of the German sites for manufacture of flying bombs, hurled in strength against southern England today.

Objectives included the great bearings plants at Schweinfurt, a frequent American target earlier this year. Another was a chemical plant at Heilriegelskreuth on the outskirts of Munich, a plant making oxygen and hydrogen used for the robot bombs.

Broadcast reports of the two-ply attack on the fourth largest German city followed closely upon a night in which the RAF struck heavily at seven objectives including Berlin, Cologne, the Ruhr and France.

266 Planes Destroyed

At least 266 of the enemy's dwindling force of planes were destroyed yesterday on the basis of official Allied accounts—at the cost of around 100 craft. The Russians said 128 planes were destroyed in battles above the eastern front, Mediterranean air forces claimed 66 and those based in Britain and France added 72 on the basis of incomplete reports. Actions over Normandy yesterday were the most extensive since D-Day—7,350 flights. Another 2,100 sorties were flown from Italy.

Following up yesterday's record-breaking daylight offensive in support of Gen. Sir Bernard L. Montgomery's Caen drive, the RAF night bombers hammered two key railroad centers in eastern France, two synthetic oil plants in the Ruhr and flying bomb installations along the French coast.

At the same time fleet RAF Mosquitos, loaded with lethal 4,000-pound blockbusters, gave Berlin its 10th night drubbing since the invasion.

Other formations of British night raiders bombed Cologne and coastal command Beaufighters shot up a German convoy off Helgoland, blowing up one ship, firing two others and damaging four more.

Robot Bomb Attacks Reach Peak Intensity

By The Associated Press

LONDON, July 19 — London and southern England were targets of the greatest 24-hour robot bomb attack last night and today since the German weapon first was loosed June 15.

It was apparent the German command had decided to strike the civilian population of England in a gamble to pull away some of the 7,250 planes which pounded the German war machine in the reich and France yesterday.

Birth of Daughter Adds 17th Child To Family of Marion County Couple

The newest addition to Marion county's largest family arrived this morning when a daughter was born to Mr. and Mrs. George Cochran, whose home is three and one-half miles south of Marion on the Prospect pike.

The child, born at the Cochran residence at 8:25 a. m., weighed about nine pounds. Mr. Cochran said late this morning that no name had been chosen for the child, but that his older girls were "thinking it over."

The daughter is the seventeenth child born to the couple. All the children are living, twelve at home and five away from home. The eldest child, Mrs. Florence Bryant, is 29 years old. Their sixteenth child was born June 5, 1938.

Girls predominate in the Cochran family. With the new baby there are 10 girls and seven boys.

Mrs. Cochran is 48 years old. She was 17 when her first child was born.

The Cochran family has lived on the Prospect pike for about a year, moving there from a farm northeast of Meeker.

They farm over 600 acres on the Prospect pike tract.

SIX NAZI OFFICERS DIE IN GUN FIGHT

By The Associated Press

CAIRO, July 19—Six German officers were killed in a shooting affray among high German officers during a recent conference in Athens, an official announcement said today. The conference was in the Bretagne hotel.

As announced here, these were the details:

The conference, called to "discuss important matters of policy," developed into an argument. Pistols were drawn and senior officers began shooting.

The unwounded Germans then tried to get away, but one—chief administrative officer for the Peloponnesues—was shot down by SS guards.

Austrian Col. Fritz Athens, provost marshal, subsequently disappeared. Reports said he was executed for "speaking against the German army command."

SOLDIER VOTE DECISION NEAR

Judge Tentatively Upholds Mandamus Action in Trumbull County.

By The Associated Press

WARREN, O., July 19—Common Pleas Judge Lynn B. Griffith promised a final decision within a week on the action pending in upholding the results of a mandamus action seeking to compel Trumbull county election officials to issue absentee ballots to applications other than those issued officially by the election board.

The mandamus was filed by Trumbull county Prosecutor Paul J. Reagan at the request of Mrs. Ora Watkins of Niles, state agent for the Blue Star Mothers of Ohio, who reported members of her organization were denied soldier ballots.

A demurrer filed on behalf of Secretary of State Edward J. Hummel by Ohio Attorney General Thomas J. Herbert was overruled by Judge Griffith.

Plans Appeal

Herbert said the court in [illegible] the case if the latter decision upholds Reagan contention that the record of elections must accept as soldier vote ballots which would entitle to state representatives, regardless of whether they are issued by the board of elections.

At yesterday's hearing, Herbert declared "my idea is that the general assembly adopted a very liberal application law, and the regulations should be observed without attempting to wholesale the ballots."

"Ohio is opposed to organizations getting relatives of soldiers to make wholesale applications for ballots. I think the applications should be made by each individual relative."

Defends Applications

Reagan maintained the applications conformed to state specifications and contended the issuance of ballots on applications other than those furnished by the election board should be allowed because the boards have "an insufficient quantity on hand."

The secretary of state last Friday ruled against acceptance by election boards of applications other than those issued by the boards.

LIQUOR RATION MAY END BY SEPTEMBER

By The Associated Press

COLUMBUS, O., July 19 — Liquor Director Don A. Fisher said today Ohio's liquor rationing restrictions might be lifted completely or else relaxed greatly by September.

"There undoubtedly will be some change in the ration shortly since we expect increased allocations from the distillers beginning in August," the director explained. He referred to the holiday granted distillers from the production of war alcohol during the month of August, permitting them to resume manufacture of alcoholic beverages.

"Should the distillers allow us anything like double our present purchase of 150,000 cases of whisky and 2,000 cases of domestic gin a month, we will place them on the ration free list," Fisher said. All other distilled spirits were made ration free last spring.

He added it was "entirely possible" the large increase might be granted but said the manufacturers themselves probably would not know until they resume production of the spirituous goods in August.

Navy Rebuilds Explosion Area

Depot Reconstruction Rushed; Death Toll Expected To Be 350.

By The Associated Press

PORT CHICAGO, Calif., July 19 — Reconstruction of the Navy's Port Chicago ammunition depot began today as the death toll in the disastrous world wartime explosion approached 350.

All available [illegible] workers were urged to report immediately to the devastated area where the explosions of two ammunitions ships late Monday night shattered the munitions base and the town of 1,500 as well.

The blasts, two seconds apart, shook 14 counties and their earthquake-like effects were felt 80 miles away.

Cause Not Learned

The cause remained undetermined. Navy and federal bureau of investigation agents were on hand for an investigation, but the devastation left little to investigate.

"There are no eye survivors to give evidence of what happened," said Capt. N. H. Goss, who had jurisdiction over the depot.

Official sources gave this approximation of the known death toll:

200 to 250 Navy enlisted men.

9 Naval officers.

70 Maritime commission seamen.

36 members of Navy armed guard crews.

5 Coast Guardsmen.

3 civilian railroad workers.

Additional deaths were possible. An exact count of the dead was difficult because the explosions pulled without leaving a trace of identification. Only four bodies had been recovered last night.

Ship Loaders Killed

Most of the Navy enlisted men were killed while loading the ammunition ships. Many seamen and members of the Navy gun crews died aboard the vessels. Others were killed or injured when the barracks, a mile away, was shattered.

Twisted hulls of the two freighters, the new 10,000-ton Quinault Victory and the 7,500-ton Liberty ship E. A. Bryan, offshore from the torn dock area, protruded today from the channel.

The ships were loading ammunition when they were blown to bits.

Monetary loss will run into many millions of dollars. The ships alone were valued at $4,300,000.

TWO MARION MEN AT BLAST SCENE SAFE

Relatives Here Get Word; One Reports Ship Destroyed.

Fortunate circumstances brought two Marion service men safely through the explosion which [illegible] approximately 350 lives at Port Chicago, Calif., Monday night, messages from them notified [illegible] yesterday. They are William D. Gore, 24, boatswain's mate U. S. Coast Guard, and Howard Emerson Richardson, 22, 2nd class petty officer in the U. S. Navy. Gore is the son of Mrs. Anna Dego of 573 Nairn court. Richardson's wife, Mrs. Edna Farmer Richardson and their daughter live at 427 Park street and his mother is Mrs. Mary Crowder of 675 Park street.

A telephone call from Gore to his mother about 4 a. m. yesterday assured her of his safety and also gave her the first information of the disaster. Gore, who is a diver, told his mother that his boat had gone down." He has been stationed on the west coast since going into service two years ago this month.

Richardson, a mail handler, has been stationed at the Port Chicago depot dock and his quarters were in barracks about a mile from the depot, the family stated today. He has been stationed at the depot about a year and expected to leave next Sunday on a furlough home.

VETERAN SENATOR IS RENOMINATED

By The Associated Press

Senator Carl Hayden, who has represented Arizona in Washington throughout its 32 years of statehood, has cleared a major hurdle—Democratic renomination—in seeking another term.

With the count of yesterday's primary election about half complete, Hayden had more than a two to one lead over his closest opponent.

Two other western states, Wyoming and Montana, held primaries yesterday, but in neither was a senatorial seat at stake.

Fred R. Rickett, former superior court judge, had no opposition for the Republican senatorial nomination in Arizona, normally a Democratic state.

Gov. Sidney P. Osborn, Democrat, was renominated for a fourth term, and Arizona's two representatives, John R. Murdock and Richard F. Harless, won Democratic renomination comfortably. Margaret Adams Rockwell, Phoenix business woman, and A. M. Ward had no opposition for the Republican congressional nominations.

A race between two Union Pacific railroad conductors for the Democratic nomination for Wyoming's one representative seat featured the primary in that state. Charles E. Norris of Laramie had a 10 to one lead over Clyde C. Winters of Cheyenne after half the votes were counted. Although unopposed incumbent Rep. Frank A. Barrett polled more Republican votes for renomination than the combined total of his opponents.

MONTGOMERY

(Continued from Page 1)

Allied troops have captured 60,000 Germans of the total estimated casualties, Montgomery said, and have burned 8,000 of the Nazi dead.

Montgomery was in his most cheerful mood since D-day as he recounted the success of the open ng of the new offensive by Lt. Gen. Sir Miles Christopher Dempsey, commander of the British Second army.

The general said British losses in the violent new surge were so small as to be almost negligible, but he cautioned, "There is a lot still to be done—no doubt of that."

The general's pet dogs "Hitler," a sad-eyed little cocker spaniel, and "Rommel," a wire-haired terrier, romped about on the grass as he spoke before a corps of nearly 200 correspondents.

A camouflage net covered Montgomery's mobile headquarters.

WELLES SEES GERMAN BID FOR COMMUNISM

By The Associated Press

WASHINGTON, July 19—Sumner Welles predicts that with Germany's defeat her general staff will turn to Communism in its most revolutionary form as a means of trying once more to extend German domination over the world.

The former undersecretary of state, a close friend of President Roosevelt, advocates slicing up the reich into three politically independent units so that it could never again function as a single force under control of the general staff, or army high command which Welles describes as the behind-the-scenes power in German politics.

Welles' views are set forth in "The Time for Decision," his personal account of foreign affairs during the Roosevelt administrations. The book was published today by Harper and Brothers.

For the United Nations, he advocates immediate organization of "the provisional United Nations Executive council" with both large and small members and the power to act on problems common to the war and postwar transition periods.

"The establishment of Communistic governments - - - is a foregone conclusion," Welles says "provided the United Nations forces of occupation make no objection.

"The establishment within Germany of Communism of the Trotskyist, or world-revolutionary type, would give the German general staff precisely the advantages it will seek."

DEWEY COUNTING ON PARTY ORGANIZATION

By The Associated Press

ALBANY, N. Y., July 19—The pattern of Gov. Thomas E. Dewey's "front veranda" summer campaign to seat himself in the White House appeared today to hinge on party organization.

Observers of the Republican presidential nominee's political methods said it had become apparent the 42-year-old governor was laying the foundation of his election drive on the time-tested formula of state and local party teamwork.

They based their conclusions on Deweys almost uninterrupted post-convention series of huddles with G.O.P. congressional leaders. These parleys are held at the executive mansion—frequently on the front veranda.

The governor took time out yesterday from his organizational talks to blast the federal supplementary soldier ballot as void under the New York constitution and to defend the state's soldier vote law as a "model of simplicity."

It was one of his few formal utterances since his nomination. He is not expected to begin his speaking tour until after Labor Day.

Allies Tightening Death Grip Vise on Nazi Domain

By DEWITT MACKENZIE
Associated Press War Analyst

The allied two-front vise is tightening its death-grip on Hitler in a big way, with the new and devastating offensives launched simultaneously in the eastern theater and in Normandy.

Berlin itself admits that this is the showdown. A government-controlled Nazi commentator, viewing this fresh onslaught, declared that the war would be decided in less than three months.

The powerful allied offensive in Normandy may be the beginning of our major effort to break out of the peninsula onto the open road to Paris. The British and Canadians have achieved a notable gain by smashing the Nazi defenses in the strategic Caen sector—gateway to the Hinterland. And the Americans have added another fine contribution by the capture of St. Lo at the other end of the flaming battleline.

Air Power Blazes Way

Again air power has blazed the way. The Normanny offensive was preceded by a terrific aerial bombardment by more than 2,000 warplanes. Significant indeed is the fact that there was no opposition from German planes.

Over on the Russian front the Red armies have swelled their already furious offensive to a scale which is likely to precipitate the grand crisis of the Russo-German war.

A new drive launched by the Russians in southeastern Poland, in the Lwow sector, has set the entire long front to rocking clear up to the Baltic states. If you will get out your maps for a moment we will take a quick glance at the main points involved in the upheaval.

In the north the Russians are forcing back the center of the Hitlerite line defending the Baltic states. The German hold on the Baltics is endangered and a great body of Nazi troops is threatened with being cut off.

German Soil Under Fire

Just below there the fuehrer's harassed legions are defending the "holy German soil" of East Prussia with their backs against the frontier.

A little farther south the Red forces are hammering along the rolling plain which lies in the gap between the Bug and Niemen rivers and forms one of the great avenues into the heart of Poland. In this gap lies the big railway center of Bialystok.

Below this is another operation of vast importance—a drive toward the famous fortified city of Brest Litovsk which is the hub of a network of railways. This is the chief anchor of the entire Nazi line. Its fall would be a catastrophe for Hitler.

Big Red Blow

And finally we have the new Red blow—a powerful drive towards Lwow, another vital railway center. This old city stands as a sentinel on one of the thoroughfares leading to the Polish capital.

This is the grimly precarious position of Hitler's armies. But we shouldn't mistake this danger of disaster as the actuality of defeat. The Germans are expected to offer fierce resistance, for they are defending the shields to the reich itself. The Russians have no delusions on this point, and the Moscow newspaper Izvestia in speaking of the battle for East Prussia — the first German soil to come under the attack of infantry—declares that "vigorous battles will take place at the approaches."

REPEL JAPS IN INDIA

By The Associated Press

SOUTHEAST ASIA COMMAND HEADQUARTERS, KANDY, CEYLON, July 19—Allied troops, battling to clear the last Japanese invaders from the Indian frontier region, have driven the enemy back 30 miles from Imphal in the Palel sector, a communique from southeast Asia command headquarters announced today.

CITY TO TAKE BIDS ON STREET REPAIRS

Plans Call for 9.5 Miles To Be Resurfaced.

Sealed bids for surface treatment of approximately 9.5 miles of Marion streets will be accepted at the office of the Marion safety service director until noon Aug. 1, the director, J. V. Ruth announced today. Plans are being made for the streets to be treated with asphalt and stone chips if the necessary materials can be obtained.

Work estimated to cost $1,000 must be done before the resurfacing can be started and this preliminary work, which consists mainly of patching, will be started as soon as possible by city crews.

The resurfacing and preparatory work was estimated by Mr. Ruth to cost between $10,000 and $15,000. If materials can be secured and the work started soon it was believed the contract could be completed in about five weeks, weather permitting. According to the estimate 40,000 gallons of asphalt and 1,450 tons of stone will be needed for the project.

LETTERS FROM OUR READERS

THE UNRELENTING HATE.

Editor of The Star: Should a visitor from another planet visit the world's battlefields, and behold the fire of the great guns, see the mangled and bloody limbs of dead and dying, and witness the pain, misery and destruction which men deal out to each other, he would think he had lost his way and had landed in hell instead of this earth. Today, there is a spirit of unforgiving, unalterable, unrelenting hate between certain nations of men. "Pierce." This is fulfilled in the calamities which nations inflict on each other in their conflicts.

FIRES DESTROY WHEAT

BUCYRUS — Continued dry weather which has made fields along the railroad right-of-way susceptible to sparks thrown from engines, caused two fires near Bucyrus over the week-end one of which destroyed 370 shocks of wheat on a seven acre wheat field belonging to Daniel Aumiller, two miles west of Bucyrus. Efforts of neighbors who brought tractors to plow a fire break, were instrumental in checking the fire burning grass at the west city limits on the Nevada road caused the fire department to make several runs to extinguish the flames when they threatened stock barns. Fire in the same field of grass has taken the fire department out on six occasions within the last week.

INFANT DIES

UPPER SANDUSKY — Funeral services for Charles William Poland, infant son of Mr. and Mrs. Clarence Poland, who died Tuesday morning at the home of his parents here, will be held Thursday afternoon at 2:30 o'clock. Do you have poor digestion?	☐	☐
Do you feel headachy after eating?	☐	☐
Do you get sour or upset easily?	☐	☐
Do you feel tired—listless?	☐	☐

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 10¢ and 25¢.

A local dentist, the "ice cream man" of the congregation, arranged for the freezing. Sixty-two gallons of cream were made and 60 cakes were donated for the festival. Eggs were donated also by persons interested in the youth group that sponsored the event. And if you didn't go and taste the finished product you missed something.

In a Free Country

If you were to pick out the things most typical of America and Americans, outstanding from other peoples, to portray U. S. as we are, what would you choose? A group of young Americans of our town chose to put into a skit for a lawn festival recently, perhaps quite aptly, one of the basic foundations of our type of government, the right to point out its flaws though even treating that fault in a jocular mood (it seems that Americans often prefer to look at the lighter side of an issue). They continued this in the same scene with mild fun poking at a "foible" of the American public, that of listening with serious attention to a certain type of "propaganda" and "swallowing it whole." This was the skit: Two "politicians" appeared on the platform with long speeches, sheet after sheet pasted together, attacking the "opposition," each with a large bucket labeled in big letters, "MUD." The speech of the more vocal of the two berated the other, "my dear constituents," for many base faults and gross sins, the grossest being "narrumpf"—(you've seen comments on this type of propaganda by students of the American way of life to the effect that "will not our descendants think us an utterly unwholesome lot!")—to say it politely, though the opposing "politician" did not, a condition of which "no: even his friends will tell him!" Is this look a typical "slice" of American life? Could be! What does it seem to you?

At the Police Ball

Jitter-bugging is all right sometimes but there was something about soft music and the whirling "moonlight mirror globe" that went over big at the recent Marion policemen's ball.

We heard of one person who drove to the ball, parked the car and very carefully locked the machine. As he walked away, he felt that something was wrong. Something was. Not only were the keys in the ignition but the motor was running. So he sought the aid of police who took him home for the extra set of keys.

Serious Matter

Curiosity got the better of us the other day when we saw a large group of small boys huddled close to a drain opening on a side street. The boys completely covered the opening and there were enough on hand to merit the discovery of a five-dollar bill. Upon further inquiry the discovery was made that they were attempting to retrieve a floater for a fishing line.

"Good Soldier"

The proudest title in the Army

IT CONSISTS of two simple words.

Yet every soldier who's worth his salt covets it.

This title is simply:

"Good Soldier."

It isn't just happenstance that so many women in the WAC have earned this title—the proudest in the Army.

For wherever Wacs are working, both here and overseas, there you find a job well done. And done with a spirit so gallant and fine that high Army officers everywhere say of the WAC...

"They're soldiers. *Good soldiers!*"

ANNOUNCEMENT was made recently of the engagement and approaching marriage of Miss Wanda White, daughter of Mr. and Mrs. S. W. White of Newell, W. Va., to Frederick F. Hoffmann of East Liverpool, son of Mr. and Mrs. Everhard Hoffmann of Wildwood court. The wedding will take place Saturday, Aug. 5, in the Newell Methodist church.

Miss White is a graduate of Wells High school in Newell, with the class of 1941. Mr. Hoffmann graduated from Harding High school and Ohio State University. He is a chemical engineer with the patterson Foundary and Machine Co., in East Liverpool.

MRS. C. W. MELLETTE was welcomed as a new member of the Lioness club when it met last night for dinner at Ringer's inn. Mrs. Thayer Martin, a former member now living out of town, was a guest. Final plans were made for a family picnic July 30 at Lincoln park. A donation of $5 was made to the canteen. Awards in bridge were won by Mrs. Lowell Williams, Mrs. J. L. Zant, Mrs. Harry Selter and Mrs. Robert Carskadden.

A picnic supper was held recently by the Victoria Christianson circle of Trinity Baptist church at the home of Mrs. Anna Shoolcroy of South Grand ave-

nue. A short business meeting was followed by games and contests. Awards were won by Mrs. Glenna Pullian, Mrs. Schaefer, Mrs. George Wingett and Mrs. Ted Mossinger.

Mrs. R. H. England of 305 Chestnut street entertained Friday afternoon with a lawn party honoring the sixth birthday of Evelyn Louise Moore. Miss Elaine Murray and Miss Donna Black assisted the hostess with serving the lunch. Guests were Mrs. Russell Moore, Ruth, Russell and Richard Moore, Lian and Dickie Atkinson, Marilyn and Charles Lindsey, Anne Warwick and Ronald England.

Mrs. James Beaschler of south of Marion entertained the Victo club Monday night. Mrs. Robert Osborn was honored. A stork theme was carried out during the evening and Mrs. Osborn received a gift from the club. Mrs. Henry Heclo, former president of the club, was presented with a going-away gift. Mrs. Heclo will go to Riverside, Calif., to join her husband, Lt. Henry Heclo, who is stationed there. Mrs. Beaschler was appointed president to replace Mrs. Heclo.

M.s. Harlie G. Irey of 261 Kensington place will be hostess to members of the Emma Berger class of Calvary Evangelical church for business and a social hour Thursday at 7:30 p. m. A program is being planned.

Word has been received here of the marriage of Sgt. Jack Comstock, son of Mrs. Hilda Comstock of 131½ North State street to Miss Fairy Bedwell, daughter of Henry Bedwell of Montana. The ceremony took place Jan. 4, 1944, in Los Angeles, Calif. An aunt of the bridegroom, Miss Helen Brown of Los Angeles, formerly of Marion, was present at the ceremony.

Sgt. Comstock attended Harding High school and before his enlistment in the Marine Air Corps was employed at the Marion Steam Shovel Co. He is now stationed at Santa Ana, Calif. Sgt. and Mrs. Comstock are making their home in Los Angeles.

The avocado or alligator pear was introduced in the United States in 1833.

Mick is with the First Marines and has been in major conflicts in the South Pacific area, including the siege of Guadalcanal. He has been overseas more than two years.

The Junior Matrons Red Cross knitting club met with Mrs. John Maxwell at the Raymond Stuckey home Monday night.

Mr. and Mrs. George Harper entertained with a porch party Sunday evening honoring the birthdays of Mr. Harper, Ira Wenner, Harry Gillis and Russel Risley, all of which occurred between July 13 and 21. The other guests were Mrs. Ira Wenner, Mrs. Anna Wenner, Mrs. Risley and sons, Mrs. Gillis, Mr. and Mrs. George Fadley Jr. and Mrs. Lillie Van Gundy.

Mr. and Mrs. George Bartholomew, Miss Alice Bartholomew, Mrs. Margaret Zellner and Mr. and Mrs. Harry Bretz and son, Donald, of Dayton, attended a lawn party at the home of Mr. and Mrs. Guy Mohr north of Tiffin Saturday night. About 40 persons gathered to celebrate the July birthdays of members of the family. Among those celebrating were both Mr. and Mrs. Bartholomew and Mr. Bretz. Mr. Bartholomew was 80 years old.

Miss Ruth Ann Konkle and Miss Jean Shealy left Monday to attend the Chuch Bible school to be held this week at Westerville. They are delegates from the Reformed Sunday school.

William Wells of the U. S. Marines left for the west coast Monday after spending a furlough with his wife, the former Doris Hall, and son at the Guy Crouse home.

ANNUAL PICNIC HELD.

The annual family picnic of Claridon Progressive Farm Women's club was held Sunday evening at the home of Mr. and Mrs. Harry Price of east of Marion. A social time followed the picnic supper. Sgt. Merle Lashey Jr. was a special guest.

Miss Zimmerman and Seaman Grace Married at Church

OPEN church was observed at a twilight wedding ceremony Friday in the First Church of the Nazarene, when united in marriage Miss Lois Zimmerman, daughter of Rev. and Mrs. W. B. Zimmerman of 333 South Vine street and Seaman Second Class Richard M. Grace, son of Otto M. Grace of the Prospect pike. The single ring ceremony was read by Rev. Zimmerman, father of the bride and pastor of the church.

The bride wore a gown of white slipper satin with a seed pearl trim. The skirt fell in a long train and the long sleeves ended in points over the hands. The finger-tip veil of white illusion was caught at each side with white orange blossoms and a Juliet headband was trimmed with pearls matching the trim of the wedding gown. She carried a white Testament bearing an orchid and a shower of ribbons and flowers. A handkerchief carried by her mother at her wedding, was carried for the traditional "something old."

Miss Dalene Zimmerman, sister of the bride, was maid of honor and the bridesmaid was Miss Ruth Marie Calley of Columbus. Both wore pink dresses and carried colonial bouquets of pink and white asters. The candles were lighted by Joyce Ann Wintringham of Newark and Jeanne Blocksom, cousins of the bridegroom. They were dressed alike in long dresses of light blue. Donna Hord as flower girl and Dickie Grace as ringbearer were dressed in white.

Harold Hord, uncle of Seaman Grace, served as best man. Also attending the groom was Charles Loper. Ushers were Vergil Klingel and Waldron Phelps.

Preceding the ceremony a program of nuptial music was presented by Mrs. Waldron Phelps, pianist, and Mrs. Marion White and Howard Orr, vocalists. The following numbers were heard: "Goodnight My Love," "Always," "Indian Love Call," "I Love You Truly," "Lead and Keep Me," "Have Thine Own Way, Lord," "Let Me Call You Sweetheart" and the traditional wedding marches.

A reception at the home of the bride's parents followed the ceremony. Out-of-town guests were: Mrs. Marion Stark and children and Mrs. Irene Gardner of Norwalk, Mr. and Mrs. Ray Fiesal of Tiffin, Rev. Leonard Smith and daughters of Doylestown, Rev. and Mrs. L. L. Zimmerman of Convoy, Rev. and Mrs. C. D. Wertzler of Delaware, Mrs. E. E. Wood of Chicago, Mrs. W. D. Winningham and daughters of Newark and Mr. and Mrs. J. M. Grace and son of Bucyrus.

After a short wedding trip, Seaman and Mrs. Grace have returned to Marion until he reports back to his base. The new Mrs. Grace will remain in Marion for the present. She is employed as secretary in the Boy Scout office. Before the bridegroom's enlistment in the Navy, he was employed at Bruno's Wholesale Produce Co.

Mrs. Kay Kyser, wears this fancy pearl-encrusted headdress as part of a costume for a motion picture she made with her band-leading husband.

Pilots' Cigaret Butts Called Ohio Fire Threat

Columbus, O., July 19—Aviators who toss burning cigarets from planes are threatening Ohio's drouth-dry crops, State Agriculture Director John T. Brown disclosed yesterday.

"The grain fields all over Ohio are as dry as tinder," Brown said, "and a cigaret butt might start a fire that would sweep many acres."

The director reported a fire originated on a woodlot adjoining his farm in Champaign county last Saturday. The fire spread across one grain field and was starting through one of Brown's wheat fields when it was brought under control.

Jack Jones, 72, Buried in Cemetery at Ada

KENTON, O., July 19—Jack Jones, 72, for years one of the most prominent onion growers and jobbers on the Scioto marsh, was buried this afternoon in Woodlawn cemetery, Ada. He died of a heart attack Sunday in his Ada home.

Surviving are his wife, one son and two daughters. He was president of the Michigan Land Co. with offices at Shelbyville, Mich.; a trustee of the Ada Presbyterian church; director of the Alger Savings bank, and a member of both the Shrine and Scottish Rite Masonic bodies.

FORMER EMPLOYE OF STAR AT CHERBOURG

Lt. Carl Hess with Troops That Captured City.

Lt. Carl M. Hess, formerly of the Portsmouth Times news staff and son of Meyer Hess, Marion clothing merchant, was among the first of the American armed forces to land in Cherbourg and is a member of the 79th infantry division, which, with the Fourth and Ninth divisions, was credited with taking the Normandy port city.

Lt. Hess, who received his first newspaper experience on the editorial staff of The Marion Star, is attached to a cannon company with the 79th division. In an article to the Times, Lt. Hess gives an interesting account of the life of a soldier in Cherbourg.

Having the hood of his jeep knocked out with a direct hit from the Nazis is only one of the many experiences of Lt. Hess. Fortunately, he wrote, he was 30 yards away at the time, while his driver, only a few feet away, was in his foxhole, so he escaped too. The Germans left plenty of snipers behind, he wrote, but stated "they are more of a nuisance than a menace."

He described as the "rottenest trick they've pulled to date" the using of a white flag from a pillbox, and then mowing the men down as they went to get the prisoners.

Though Lt. Hess reported that plenty of gum, candy and cigarets are furnished—"the men can't carry all the cigarets they get"—a new supply of "10 in 1" rations, baked beans, tomatoes, pineapple-rice pudding, biscuits, butter, jam and coffee, tasted good "after a steady (and long) diet of C, K and D rations."

Lt. Hess, who served on The Times staff for several years as sports editor and assistant telegraph editor, was inducted into the Army in March 1941. After training at Camp Walters, Tex., he went to officer candidate school at Ft. Benning, Ga., and was commissioned a second lieutenant in June 1942. After training in Florida, Arizona, Tennessee and Kansas, he went to England last spring. His wife, Mrs. Bebe Nathan Hess, and son, Bobby, make their home at Houston, Tex.

Army Explains Delay in Mail from France

By The Associated Press

WASHINGTON, July 19—The war department said yesterday that delays in the delivery of mail from the Normandy beachhead are due to the inevitable difficulties in combat zones, and that the army postal service is striving to move the mail as fast as possible.

Marion Prisoner Of War Gets Citation

Staff Sgt. Willard E. Mossburger of near Marion, completed 47 combat missions as engineer and tail gunner with a bomb group of B-26 Marauders before he was reported missing after the air action against Rome in May, a public relations report from the 12th Army Air base report, revealed today. The parents received notice on July 5 that he was a German prisoner.

The report stated that he was a member of the group that twice received the presidential citation for "outstanding performance of duty in action" and was entitled to wear the blue and gold Distinguished Unit ribbon, the only army award worn above the right blouse pocket.

The unit is the oldest medium bomb group in the Mediterranean and the citations were given for the attack on March 3 on the Rome rail yards and on March 11 for the bombing of the main Florence rail yards.

An imposing sight on the coast of Normandy, France, is Mont St. Michel, an immense monastery erected in the Middle Ages on an isolated rock rising out of the sea off the coast.

Marion To Make Debut Under Lights Tomorrow; Wins from Newark, 7-3

Lincoln Park Lighting System To Be Unveiled in Contest with Lima Thursday Night.

Tomorrow night, Marion sport fans will get their first taste of night baseball in Marion, as the Cubs play hosts to the Lima Red Birds.

The contest will get under way at 8:30 p. m. with the Cubs hoping to push last night's win over Newark into a string of victories. So far this season Marion has won 20 games out of 38 played at home; however they have been less fortunate on the road as they have won but nine out of a possible 37, prior to last night. This showing on the road may be partially due to the fact that the locals play under the arcs away while at home they play in daylight.

All games, except doubleheaders will be played under the lights, Judge W. Dexter Hazen, Marion club president, said.

Cub followers will see another new face in the Marion lineup as Emil "Dutch" Sparger will probably be patroling the left field garden. "Dutch came here from Erwin, Tenn., of the Appalachian league, tagged as a hitter.

Joe Hill, one of Marion's better pitchers, has been recalled by the Lancaster, Pa., club while Randy Edwards and Bill Broukal have both been released as Manager Hartley has been compelled by the league ruling to keep his team under the 15-player limit.

Flying Swedish Teacher Sets New Record for Mile

By The Associated Press

STOCKHOLM, July 19—Arne Andersson, the flying Swedish school teacher, ran a world record mile of 4:01.6 yesterday, an indication that the much-discussed, but elusive four-minute mile is just around the corner.

In clipping a full second off the world standard of 4:02.6 which he set a year ago, Andersson beat his more famous countryman, Gunder Haegg, by two meters. Haegg was timed in 4:02, his fastest speed for the distance.

Andersson's 4:01.6 mile was the latest development in the running of the event that has become a monopoly for him and Haegg. They have shattered the mark four times in the last two years, cutting nearly five seconds off the 4:06.4 turned in by Sidney Wooderson of England in 1937.

"I cannot imagine anyone running the mile in four minutes or less during this or the next few years," Andersson declared a year ago after his 4:02.6 feat. However, if he can shave a full second off the record in one year's time the four-minute mile may soon become a reality.

Four Freedoms Bids for New Honors Today

By The Associated Press

BOSTON, July 19—Greentree Stable's Four Freedoms, one of the top money winners of the season, will have only a six-pound pull in the weights with 118 when he attempts to make it three in a row over Mrs. E. Mulrennan's fleet First Fiddle today in the 10th running of the $50,000-added Massachusetts handicap at Suffolk Downs.

There will be at least six other starters and eight if it comes up mud but those two standouts probably will be almost even choices when called postward for the rich mile and one-eighth test.

The twelve-month calendar was arranged by Julius Caesar.

Browns Banish Yankee Hoodoo

By The Associated Press

The "Yankee Hoodoo" that is supposed to haunt the St. Louis Browns vanished in thin air today as Luke Sewell's leaders took charge of the American league pennant race with a 3-game working margin.

Opening a long home stand a vital 4-game series, the Brownies blasted Em Roser and Johnny Johnson for an 8-0 edge while Bob Muncrief worked his shutout charm for the third time, the second against the Yanks.

The pennant-starved Browns uncorked a home run punch from Milt Byrnes, Gene Moore and Chet Laabs in a 12-hit total for their fourth triumph over New York in 11 starts.

Boston maintained its mastery over Chicago, notching an 11th straight on a 4-2 edge in 11 innings.

Jimmy Outlaw's single scored Joe Hoover from second base with the big un as Detroit took a 6-5 nod over Washington in an 11-frame twilight contest.

Al Smith stopped a 9th inning Philadelphia rally one run short and held on to pitch Cleveland to a 4-3 margin over the A's. Don Black was Connie Mack's loser although first sacker Bill McGhee did his best with four hits for a losing cause.

St. Louis's more secure first place tenant, the Cardinals of the National league, had little trouble in silencing Brooklyn, 5-0, in one of two games played in Ford Frick's circuit.

Phil Weintraub was the slugger man of the evening, clouting a grand slam homer to account for four runs of New York's 5-2 margin on Pittsburgh. The clout, Phil's 12th, hoisted the Giant's first sacker into the runs batted in lead.

Philadelphia, Boston, Cincinnati and Chicago were not scheduled.

Shovel Wins Close Tilt From Huber, Lands in 2nd Place Tie

Shovel won a close decision from Huber last night, 4 to 3. This placed the Shovel team in a tie with Huber for second place and practically knocked Huber out of a chance to tie Cooler for the league lead. Cooler is leading the Industrial League with 4 games won and none lost. Shovel and Huber are in second place with each having won 4 games and lost 2. Both play Cooler and if each can come through with a win over the Universalites the league would then be tied up. Both teams are expected to put up their best battle with Cooler in order to try for this mathamatical chance to tie.

W. Walters, the winning pitcher gave up 5 hits, issued 6 walks and struck out two. Millisor was the losing pitcher. He gave up 7 hits, issued two walks, and struck out seven.

Shovel took the lead in the first inning with a run on one hit and an error. Huber took over the lead with two runs in the third inning and added one more in the fifth to lead three to one going into the sixth.

Shovel rallied in the sixth to push across three runs on three hits. Neither team could score in the last frame and the game ended with Shovel on the long end of the score four to three.

Universal Cooler continued its winning ways with a 5 to 2 victory over Fairfield. Lloyd Hart pitched the win for Cooler giving four hits, one walk, and striking out four. Hamilton was the losing pitcher. He gave six hits, walked five and struck out one.

Commercial, carrying on a minor race with Excavator for fourth place forged ahead of its rival in last night's battle 10 to 7. These two evenly matched teams both knocked out eight hits but walks proved costly to Excavator. Commercial had two big innings of five runs each. They scored five in the first frame on three hits, one of them a home run by Williamson, a walk and an error. In the third inning they swarmed across the home plate five more times on three hits, two walks and one error.

Excavator also had a big inning in the second frame when they tied the score with five runs on two hits and three walks. Mull hit a home run for the losers in the fourth inning.

Williamson was the winning pitcher and Myers the losing pitcher. Commercial is now in fourth place with two wins and three defeats and Excavator is in fifth place with one win and four losses.

Volo Song Killed After Leg Injury Fails To Mend

By The Associated Press

ST. CHARLES, Ill., July 19—Volo Song, world champion trotting stallion, lay buried on a northern Illinois farm today, three days after the winner of the $50,000 Hambletonian classic broke a leg in a $400 race at Elkhorn, Wis.

The four-year-old brown stallion was destroyed yesterday on the farm of his owner, E. J. Baker of St. Charles, after veterinarians made every effort to mend his injury and save him for breeding purposes.

He was buried along side Winnipeg, another of the St. Charles sportsman's great totting champions.

A specialist reported Volo Song suffered a multiple break in his left foreleg in a mishap at Elkhorn Sunday and advised that the animal, insured for $25,000, be destroyed.

Volo Song, heralded as a successor to the famed trotting gelding, Greyhound, established an Empire City track trotting record in capturing the first heat of the Hambletonian last year. He then was owned by William H. Strang of Brooklyn, who sold the champion to Baker for $80,000.

On July 10 of this year, Volo Song set a new world record for trotting stallions of 1:57¾ in the stallion stake at North Randall, O. Greyhound's fastest racing mile was 1:57¼ registered in 1936.

Volo Song figured prominently in Little Grand Circuit races held in Marion only a few weeks ago.

Cubs Score Decisive Victory; Bailey Holds Foe To 6 Hits.

Special to The Star

NEWARK, O., July 19—Marion evened the current series with Newark's league leading Moundsmen here last night, winning 7 to 3 behind the brilliant six hit pitching of Ed "Red" Bailey. The victory was Bailey's 10th of the season.

The Cubs backed up Bailey's splendid pitching with fine support in the field. They pulled off four double plays to get the ball right hander out of any difficulties he experienced.

Newark never had a man left on base for the first eight innings. In the ninth frame Perini was left stranded for the only Newarkite left on base.

Four In Third Frame

Marion salted the game away with a four run outburst in the third inning. After Sparger opened the inning and grounded out to second, Bailey walked. Carlsen singled to center and Smith also singled to center to load the bases. Granzig then hit a terrific smash off the center field fence and raced around the bases to score behind Bailey. Carlsen and Smith. It was an inside-the-park home run.

Eddie Volan gave Newark its first run as he hit a line drive home run over the right field fence as the first batter up in the Newark second. The circuit clout was Volan's 13th of the year and his second in two nights.

Marion tallied two runs in the fifth. Bailey led off the frame by reaching first on Conn's miscue. Carlsen doubled to left, putting Bailey on third. Smith flied to center and Bailey scored. Friend errored on the throw in and Carlsen went to third and then tallied as Granzig grounded out to short.

Bellamy Scores

The Cubs pushed over another run in the eighth. Bellamy was hit by a pitched ball. Jeski singled to center, Kemper grounded out and Bellamy went to third and scored as Pettit wild pitched.

Newark scored twice in the ninth after two men were out. Conn walked, Friend doubled to center, Perini knocked in the runners with a sharp single past short into left field. Volan grounded out to second to end the game.

Leslie Barnes sparkled for Newark at short stop, handling nine assists and one put out without an error. Each team had 17 assists.

Ned Garver will pitch for Newark and Dick Pace for Marion in the series decider tonight.

Have a "Coke" = You're home again

...or getting back among the folks

The biggest moment on earth to a fighting man is when he returns home. And one of the things that makes him feel at home is the old familiar phrase... *Have a "Coke"*. With Coca-Cola, ice-cold, in your refrigerator, you can make any fighting man, including your own, feel he's back with his friends. From the border to the Gulf, Coca-Cola stands for *the pause that refreshes*,—has become a symbol of friendly living.

"Coke" = Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

AL SMITH SHAKES HARD LUCK JINX

By The Associated Press

CLEVELAND, July 19—Al Smith's hard luck almost ruined his last night but he came through in the clutch.

The southpaw shut out Philadelphia Athletics with three hits for eight innings. Connie Mack's mighty Athletics almost won in the final stanza with a ninth inning uprising. Old Porky Smith managed to put down the rally, however, and posted his fifth victory as the Tribe won 4 to 3.

Credit for his hurling success in his fourth inning when Smitty's pat played an important role in one of the two runs the Indians produced in the frame. Manager Lou Boudreau walked a base on balls with the bases full and Roy Zarilla then singled him to second. Keltner was retired for the third out, but Buddy Rosar sent his boss home with another single. Ray Mack's one-baser scored Cullenbine and Smith's hit produced the third tally.

The decisive run was manufactured in the sixth. Rosar opened the inning with a single and Mack followed with another that advanced the Tribe backstop to third. He scored as Smith grounded into a double play.

Successive singles by Dick Siebert, Bill McGhee and George Kell accounted for the first of the A's three runs in the ninth. The second marker was recorded when outfielder Myrl Hoag made a perfect throw to the plate in an attempt to head off Siebert, but the ball hit the runner and bounced into the Indians' dugout, McGhee scoring and Kell reaching third. He came in on Ed Busch's fly.

Don Black, who was charged with the loss, fanned 11 Indians in his last start against them in Philadelphia three weeks ago, but the Redskins didn't find him so tough last night.

The clubs resume their series today with Ed Klieman hurling against the A's Bobo Newsom.

RED BIRDS WIN 2 FROM INDIANAPOLIS

By The Associated Press

If Skipper Ollie Marquart of the Toledo Mud Hens was in an eruptive mood today, he had good cause. His brood last night dropped a double-header to the Louisville Colonels in a zany American Association affair that produced 18 errors and 47 hits.

The Colonels set the muscue pace in the seven-inning opener with six boobles, but blasted 18 hits good for 26 bases and a 14-9 decision. In the nightcap, Sy (Stretch) Goedde set down Louisville with six hits, but the Mud Hens fumbled eight times to hand the Colonels five unearned runs and a 10-4 victory. The double win moved the Colonels to within a game and a half of third-place Toledo.

The second-spot Columbus Red Birds downed Indianapolis twice, 9-3 and 4-1, to shave to seven games the lead of the pace-setting Milwaukee Brewers who lost to Minneapolis, 3-2, in the only single encounter of the evening. St Paul snared its third straight twin bill from Kansas City, 3-2 and 5-2.

A six-run splurge in the second extra inning of a seven-center opener enabled the Red Birds to snap a three-game losing streak. In the finale, Columbus sewed up the game in the first inning with four runs off pitcher Al Byers.

SPRINGFIELD PULLS UP IN STANDINGS

Middletown was again downed in its climb to first place in the Ohio State league last night when Springfield changed places with the Middletowners, who are now one-half game behind Springfield's three-game margin.

Lima remains in fourth place, eight and one-half games behind. Zanesville gained a game last night and now is 12 games below Newark. The Marlonites came through with a win, upping their basement debt by one game. The Marion club now has a 15-game margin behind the leading team.

'Tagged' Motorists Crowd Internal Revenue Office

BUCYRUS, July 18 — More than 200 Bucyrus motorists crowded the office of the collector of internal revenue at the post office Saturday in answer to summons for failure to display the $5 automobile use tax stamp.

Cars were tagged all day Wednesday by two inspectors from the district office, with instructions to report at the revenue office to show proof of purchase of a tax stamp, Saturday.

Tagging of cars stimulated the sale of stamps at the post office during the last several days of the week, when 117 stamps were sold on Thursday and 61 on Friday.

Noise and Color Mark Tardy Democratic Convention Start

By The Associated Press

CHICAGO STADIUM, July 19—Heading noisily down the fourth term road, delegates to the Democratic national convention streamed today—lively, loquacious and late in the tradition of all opening political conventions.

Proceedings were supposed to start at 11:30 a m central war time, but nobody showed any concern when nothing happened except some lively music from the convention pipe organ.

The professor at the organ greeted each arriving delegation with a state song—"California, Here I Come," "The Eyes of Texas," and so on.

The same bunting which was hung for the Republicans remained in place for the Democratic session. Huge American flags billowed down from the stratospheric ceiling, and atop the west balcony hung the pictures of 14 presidents, claimed by the Democrats—Thomas Jefferson to Franklin D. Roosevelt.

Weather Comfortable

In place of the sweltering temperatures which plagued the Republicans three weeks ago, comfortable air conditioning greeted the men and women who are determined to renominate the President.

Party notables thronged the platform—National Chairman Bob Hannegan, Mrs Dorothy Vredenburg, national secretary, Edwin W. Pauley, national treasurer, Oscar Ewing, vice chairman of the national committee, "Ed" Flynn, New York national committeeman, and many others.

A gilt eagle with 6-foot outspread wings stood on a pedestal directly under the speaker's platform. It looked very much like the same bird which guarded the Republican meet.

Some of the party stalwarts in shirtsleeves were on hand when Keynote Governor Robert Kerr of Oklahoma, ex-governor Alfred Landon of Kansas, Governor Harold Stassen of Minnesota, Governor Thomas Dewey of New York, and Governor Bricker of Ohio arrived.

Seats Well Filled

Chairman Hannegan called the convention to order at 12:03 p m. Delegate seats were unusually well-filled for a routine opening session.

The Rt Rev John Tzetzehki, pastor of St Nicholas church, Chicago, delivered the invocation, praying that "we understand fully well the gravity and importance of our present position as a leading power of the world."

Red, white and blue neon "V" sprang to light on stadium walls as Miss Eleanor Steber of the Chicago Opera Company sang the national anthem.

Pretty Dorothy Vredenburg, secretary of the national committee, read the official call for the convention. While nobody paid much attention to the formal document, women on the floor whispered admiringly over the perfection of her lavender polka-dot one-piece dress, decorated with a tan jabot.

Compromise Sought in Tangle Over Books for Men Overseas

By JOHN SELBY
Associated Press Arts Editor

NEW YORK, July 19—Several hundred publishers, authors and editors hope that tomorrow will see the end of the tangle over what books may be sent to soldiers overseas.

Senator Robert A Taft, author of the controversial Title 5 of the soldier vote act, which is the basis of the debate, will meet Army representatives and others on that day. They will try to reach a compromise that will allow soldiers to get the same sort of reading matter they would have at home.

Right now, the Council on Books in Wartime, representing U. S. publishers, is afraid that the flow of books to military men may be throttled indefinitely. This is because, as Archibald G. Ogden, executive director of the council, points out, Title 5 was put through congress as a rider in the soldiers' vote bill, but actually is a part of the Hatch-Connolly bill, which is designed to function indefinitely.

Senator Taft has indicated that he believes the Army is interpreting the act too stringently. But the Army, according to Ogden, indicates that it expects to tighten up still more.

The Army points out, in letters to Ogden, to Norman Cousins, of the Saturday Review of Literature, and to others, that Title 5 is criminal statute. If an officer approves a book about which somebody successfully raises a question, he may be fined $1,000 or sent to prison for a year, or he may get both penalties.

The Army Library Service, in a statement, points pridefully to the list of approved Army titles, but adds that "the provision of Title 5 unquestionably makes the services' jobs more difficult."

If it is your decision, and you suffer the penalty for violating the law, your position is very different from that of the innocent bystander whose criticism costs him nothing."

Critics of Title 5 in the publishing world (and there are, to date no defenders at all) say that the law is subtly worded. Senator Taft says "what we aimed at was reading material of a clearly propagandist nature." In a letter to Cousins, he said it was preposterous to exclude Catherine Drinker Bowen's "Yankee from Olympus" and Charles A Beard's "The Republic," the latter being a conservative historian's estimate of America.

But the army, and for that matter, the Council on Books in Wartime argues in their turn that the wording of Title 5 says any book "designed or calculated" to influence a man's vote must be banned, and that therefore Plato might quite easily be refused a soldier, or Bryce's "Commonwealth" or for that matter the Declaration of Independence.

Among the absurdities referred to in the storm of unfavorable comment that already has, according to the council, come back from overseas is the fact that often a text which would have to be banned in book form already has circulated over the world as magazine material.

Hitler Appoints New Area Commissioner

By The Associated Press

LONDON, July 19 — Joseph Grohe, 42-year-old high officer of Hitler's elite guard, has been named "Reich commissioner of the occupied territories of Belgium and northern France," a DNB broadcast said today, and infantry Gen. Grabe has been given military command of the reich.

By this action Hitler turned over to the Gestapo the only area in German-occupied territory not previously governed by Quislings or Reich political commissioners.

Creation of the new anti-invasion command, preceded by the moving of King Leopold to Germany, was interpreted in London as a new step to crush the underground in the area as a result of costly lessons the Nazis have learned elsewhere on France. It also apparently reflects German uneasiness over the prospect of new Allied landings.

FILM STAR DECORATED

By The Associated Press

A U. S. BOMBER BASE IN ENGLAND, July 19 — Lt. Col James Stewart, the film star, has been awarded the oak leaf cluster to the distinguished flying cross for extraordinary achievement while serving as air commander of heavy bombardment formations raiding enemy-occupied territory.

Standardization of Seed Laws Urged by Ohio Farm Experts

By The Associated Press

COLUMBUS, O., July 19—The Association of Official Seed Analysts yesterday heard two Ohio experts urge standardization of seed testing laws and stiffer penalties for violations.

C. N. McIntyre of the Ohio department of agriculture asked legislative and research committees of the association to strive for uniformity between federal, state and commercial seed bowe testing procedures.

"How," he asked, "when an unscrupulous dealer is accused of selling seed not meeting fertility records printed on the package, can we be sure he will be penalized under the law unless our tests are uniform?" He explained that present systems of testing vary.

Points to Losses

H. D. Brown, professor of vegetable gardening at Ohio State university, pointed out the loss gardeners and commercial vegetable growers might suffer buying seed untrue to name and of low fertility.

He explained that some varieties of beans, for example, are not good producers in the north, while others do not do well in the south and midwest. Yet, from outward appearances they might well be the variety named on the package. Only planting and growing them will determine what they are.

He said, too, that cabbage seed often is contaminated with kale and boccoli. This, he said, is one of the easiest methods seedsmen have of cheating the public.

Switching Troubles

Brown asserted that it is "easy" to switch varieties or even mix the seeds of peas, carrots, celery and beets, mixing late maturing varieties with early croppers, mid-season with early maturing types, and so forth. This, he said, works a hardship on any gardener, home or commercial, who expects to get a crop grown and harvested by a certain date.

He pointed out that in most of these crops, if grown commercially, the producer's losses could run from $250 to $600 per acre, depending on the crop, if seed were "mixed" and under a fertility rating of 80 per cent.

GRAIN FUTURES GAIN, THEN RECEDE

By The Associated Press

CHICAGO, July 19—Grain futures eased back to near yesterday's close in late trading today after having held firm to strong through most of the session.

Rye, after advancing more than a cent, dropped when local traders offered early bought futures and found the demand limited. Hedging pressure in the wheat pit reflected heavy receipts of grain at southwestern markets and lower prices at Kansas City.

STOCKS AIDED BY WAR NEWS

Prices Move Moderately Forward After 2 Sessions of Declines.

By The Associated Press

NEW YORK, July 19 Stocks moved forward moderately today on improved support after two sessions of fairly sharp declines.

Some buying edges were entered on the basis of the market's recovery in Tuesday's late proceedings which encouraged belief the selling movement had spent itself temporarily. News of important allied gains in Normandy and Italy was a factor in the broader bidding for key shares.

Hesitant at first, the list swung upward slowly and near the fourth hour gains were widely distributed in the principal groups. Declines were a little under the average of recent days.

Prominent on the advance side were Westinghouse, Youngstown Sheet, Chrysler, Woolworth, Union Carbide, Santa Fe, New York Central, Southern Railway, Kennecott and Hayes manufacturing.

Bonds were steady and commodities mixed.

Fractionally higher in the curb were Brewster Aeronautical, Callite Tungsten and Cities Service.

NORMANDY

(Continued from Page 1)

stream of prisoners and German wounded flowed toward the rear.

Battling on Plains

The supreme command announced that Montgomery's mopping up troops had cleared half of Faubourg de Vaucelles of Germans, and said that the main battle line had passed on southeast into the plains beyond, where Rommel was throwing in tank forces in a frantic effort to stem the allied tide of armor and explosives.

Montgomery made no statement concerning specific gains, contenting himself with the announcement that his troops had breached the Germans' Orne defenses. This is the side of the front toward Paris, 120 miles to the east.

Heavy fighting continued in the Noyers area, five miles northeast of Villers-Bocage on the British right flank.

The Americans captured Rampan, 2½ miles northwest of St. Lo on the Vire river.

Face Cassino Veterans

(The Vichy radio said German shock troops opposing the Americans around St. Lo area were veterans of the Italian battle of Cassino.)

Swarms of allied planes, striking the heaviest air blows ever dealt on a concentrated battle area, dumped between 7,000 and 9,000 tons on German positions yesterday, in more than 7,350 sorties. Incomplete reports said the allies accounted for at least 72 German planes over France and Germany.

This mighty aerial blow literally forced a "corridor" in the German Orne defenses, allowing armor and infantry to pour through.

The Germans showed little ability to cope with the power of the combined air-land thrust.

Networks Prepare For Convention Coverage

NEW YORK, July 19—The first night session of the Democratic national convention is scheduled for all networks at 10 o'clock. Length of the broadcast, to include the keynote address of Gov. Robert S. Kerr, temporary chairman, will be covered by the proceedings.

Transmission will be continued Thursday, afternoon and night, with arrangements made to carry on through Friday if necessary.

Of the commentators at the assembly, the Blu, as it did for the Republicans, has sent its sports expert, Harry Wismer, who began his network career as a football announcer.

• • •

Prayers of one-minute duration, delivered by clergymen of the various faiths, now are opening and closing the broadcast day of stations on NBC. Under the plan, already in effect via WEAF, New York, WTAM, Cleveland, and KOA, Denver, each station would use recordings to meet its own time schedule.

NOLAN

(Continued from Page 1)

Nolan headed the Jefferson county Democratic organization as chairman for 30 years, and was mentioned prominently for state chairman of the party a decade ago, when Martin L. Davey was governor. He was a delegate to seven Democratic national conventions.

A Steubenville attorney for quarter of a century, Nolan was linked during the Davey administration with several state liquor trucking contracts.

He retired as Democratic county chairman four years ago, but resumed the position last month. He was scheduled tentatively to place the name of State Auditor Joseph T. Ferguson of Ohio in nomination for vice president at the Chicago convention.

U. S. Fliers in Italy Bag 114 Planes in 3 Days

By The Associated Press

ROME, July 19—American 15th Air Force bombers and fighters gave German airmen one of their worst beatings in recent weeks by shooting down at least 68 enemy fighters over southern Germany yesterday while carrying out smashing raids on an aircraft factory at Friedrichshafen and an airfield at Memmingen, 40 miles to the northeast. The total of enemy aircraft knocked down by allied Mediterranean-based planes in the last three days was boosted to 114. Allied air losses in all operations yesterday were given officially as 19 planes.

LOVE'S FAIR HORIZON

By ADELE GARRISON

I LOOKED after my father in amazement as he went into the next room. I had not noticed that the air in his living room was stale. Indeed, knowing that he is always a lover of fresh air, I was sure that the window in the next room was already open.

Something else I noticed—that as he shut the door behind him he went into the other room. What it precisely—I suppose the fantastic possibility from my mind, and before he came back and explained his action to myself with the theory that he was being funny over my credulity, as in the ways he loved to play the clown when he knew us all. (For fans of Broadway, this resemblance to my mother, as I sat at a table with Dicky, and had known that I was not sixteen, for so many years, not to count.

Protection

Many barrels of water had flowed under the bridge since that meeting, years before, but never, since the moment he openly claimed me as his child, has he ever failed to guard my safety, my comfort and my happiness.

Almost literally, he has shielded my path with roses, and while I know that much of his loving care has been because of his almost ridiculous paternal love for me, yet I also know that some of it stems from a longing for atonement to my little mother, whose deep love for him had fought for many years with bitter resentment which had kept her and me hidden from his search for us.

Never had man suffered more because of a sin against his wife and child, I knew, for he occasionally has given me glimpses of the hidden gnawing of remorse within him.

Tragic Error

For when, because of the wiles of my mother's best friend, he fled from his wife and his four-year-old daughter, he did not dream that in a few months he would realize the awful error he had made, and would long bitterly to see his wife and child and try to atone to them for his treachery.

It was a longing which never was fulfilled so far as my mother was concerned. She died only a little while before I met and married Dicky. But I was able to comfort my father when at last he did find me, with a letter which she had left for me, in which she counseled me against the mistake she had made in revengefully hiding herself and me away from the man she had loved all her life, and forgave—too late—when death claimed her.

My memories had come so swiftly, and absorbed me so completely, that I did not hear my father when he came back into the room, and started violently as he spoke my name.

"Day dreaming, my dear?" he asked tenderly.

Past Tragedy

"I am afraid I was," I said, trying to be casual and not let him suspect to what long past tragedy my thoughts had carried me.

"Can you get back to earth?" he asked with a smile.

"Also, down to cases," I quipped with an answering smile.

He leaned back in his chair and put his finger tips together.

"Whenever you're ready," he said, and I began once more the saga of the coming to the farmhouse of Hugh Grantland and his high born friend, Lee Chow. It seemed to me that I had been doing nothing else since the arrival of the two men, dripping wet and asking for sanctuary, but telling portions of the absorbing story first to one person who needed to know it, and then to another. I had told the Tigers, Charlie Kent, Mother Graham, Junior, Roderick, Katie and Jim of the coming of the fugitives, and had had their assistance in hiding the two men in the secret underground chamber.

YOUR HEALTH

By LOGAN CLENDENING, M.D.

The Chronic Drinker

I am inclined to believe from ordinary observation on the streets and in the home of my beloved country that the problem of chronic alcoholism is coming back as it dog in the last war and the early years of the peace.

The answer to the problem is certainly not simple. Prohibition, for instance, is emphatically not the answer. Let us never have that horror again. They used to say that prohibition would stop crime. To anyone who passed through the orgy of crime during prohibition that is a laugh.

The psychology of prohibition is all wrong. The alcoholic, and indeed every American, reacts in a very contrary way to taking something away from him. It puts him on his mettle to get some of it anyway. If you can persuade him into the undesirableness of it he will let it alone, as he does murder and theft and embezzlement and evading the income tax, or the draft.

The treament of chronic alcoholism is a medical problem or, perhaps strictly speaking, a psychologic problem, and as such an infinitely troublesome and painstaking task.

In this endeavor I am convinced that the work of Alcoholics Anonymous is far more hopeful and productive of results than all the white ribbon crusaders can ever be. There are about 325 groups of Alcoholics Anonymous in different communities in the United States and Canada, numbering about 12,000 men and women who were former chronic alcoholics. The oldest members have been continuously sober for eight to ten years. Their record in reclaiming others is: of those sincerely willing to stop drinking 50% have done so at once, 25% after a few relapses, and most of the remainder have improved.

Their treatment draws on the resources of medicine, psychiatry, religion and their own experiences of drinking and recovery. The last is their great natural advantage. How often do doctors and clergymen throw up their hands when after exhaustive exhortation the alcoholic says—"But you don't understand me. You never did any serious drinking yourself, so how can you?"

Chronic Alcoholics

The question of whether alcoholic beverages are per se good or bad does not enter into the argument for the chronic alcoholic. For many, probably most people who get a lift out of an occasional drink or a stimulus before a meal, or to lubricate a social evening it does no harm. But for the individual called an alcoholic it is pure poison.

What kind of a person an alcoholic is I don't know. He certainly has no one individual personality pattern. I am not at all convinced that he is always basically a neurotic or a pervert, although some may be. Nor am I convinced that the formula that he uses alcohol as an escape, or that he has an inferiority complex is invariably true. Nor am I interested in those people.

I am interested in the superior man who has nothing to escape from who finds that alcohol, at least the first few drinks, lifts him to an even more superior plane, where he sets into the heart of things, but by that time the alcohol has made some sort of a chemical combination with a nervous system so that he has to go on until he is sodden.

There is one message of hope, which I have unanimously from five such superior men known to me who have successfully recovered from chronic alcoholism. The message is—anybody can give up alcohol if he wants to, and will find himself much happier without it. The chronic alcoholic thinks he just can't live without his daily drink. He can, and if he is the superior man I want to save he will find himself just as interested and alert and very much more satisfied without than with it.

QUESTIONS AND ANSWERS

S. M. Is it harmful for a person 65 years old to smoke cigarettes and takes a drink occasionally who has high blood pressure?

Answer: Not in my opinion. The cigarette may raise blood pressure a little, but not to any great extent. A drink occasionally is good for high blood pressure.

U. S. Group To Study Rubber Problems Abroad

By The Associated Press

WASHINGTON, July 19—E. F. Haley of the state department will go to London at the end of this month to confer with British and Dutch officials on post-war rubber problems, the state department announced yesterday.

Haley will be accompanied by W. T. Phillips of the state department and a group of advisers including P. W. Litchfield, chairman of the Goodyear Tire and Rubber Co. and John L. Collyer, president of the B. F. Goodrich Co.

U. S. Infantile Paralysis Case Total Up Sharply

By The Associated Press

WASHINGTON, July 19—The U. S. public health service has announced that 725 new cases of poliomyelitis (infantile paralysis) were reported throughout the nation from June 3 through July 8.

The disease reached epidemic proportions in North Carolina with 237 cases for that period, and in Kentucky with 84 cases.

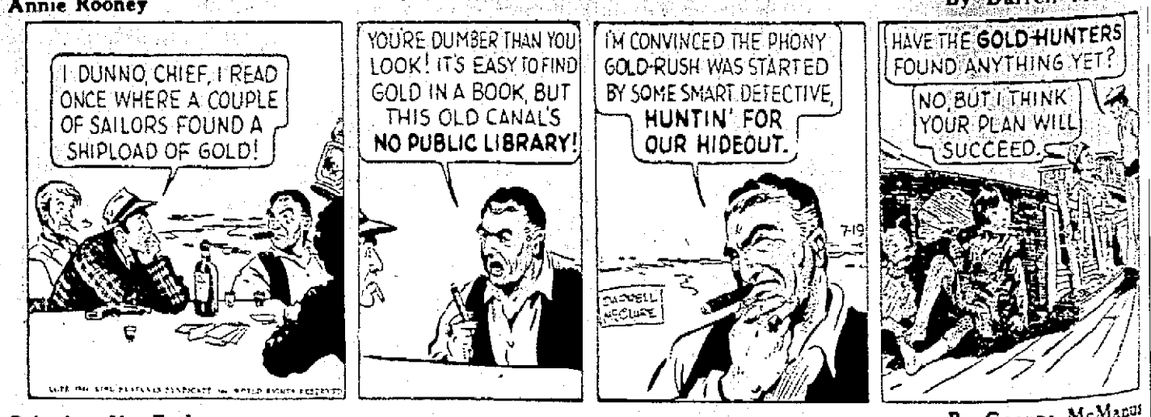
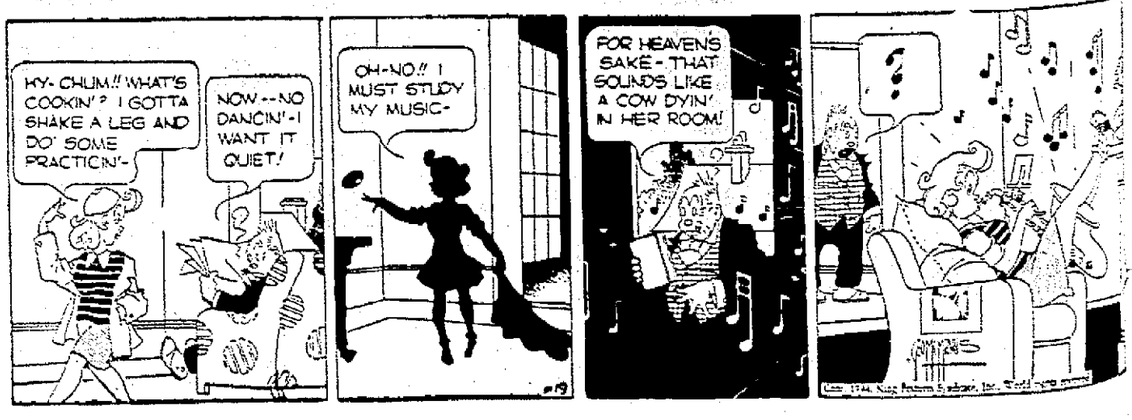
HERE'S HAL'S UNIFORM, MISS JONES
OH, THANK YOU, AINA
IF I DID MY DUTY, I'D REFUSE TO HELP HAL WHEN HE'S BROKEN THE REGULATIONS
HELLO, AUGIE
TILLIE, A FAKE HAWAIIAN'S ESCAPED FROM THE M.P.'S
AND IT'S OUR DUTY, AS SOLDIERS, TO HELP CAPTURE HIM

Annie Rooney By Darrell McClure



I DUNNO, CHIEF, I READ ONCE WHERE A COUPLE OF SAILORS FOUND A SHIPLOAD OF GOLD!
YOU'RE DUMBER THAN YOU LOOK! IT'S EASY TO FIND GOLD IN A BOOK, BUT THIS OLD CANAL'S NO PUBLIC LIBRARY!
I'M CONVINCED THE PHONY GOLD-RUSH WAS STARTED BY SOME SMART DETECTIVE, HUNTIN' FOR OUR HIDEOUT.
HAVE THE GOLD-HUNTERS FOUND ANYTHING YET?
NO, BUT I THINK YOUR PLAN WILL SUCCEED.
DARRELL McCLURE

Bringing Up Father By George McManus



KY-CHUM!! WHAT'S COOKIN'? I GOTTA SHAKE A LEG AND DO' SOME PRACTICIN'-
NOW--NO DANCIN'-I WANT IT QUIET!
OH-NO!! I MUST STUDY MY MUSIC-
FOR HEAVENS SAKE-THAT SOUNDS LIKE A COW DYIN' IN HER ROOM!
